

Mobile Certificate of Veterinary Inspection Application

The AgView CVI mobile application allows for electronic submission of Certificates of Veterinary Inspection (CVIs) by veterinarians. The CVI app enhances a veterinarian's toolbox of capabilities by allowing them to easily submit CVIs from a mobile device or store that information within the app for forwarding when data connectivity is available. The app greatly enhances the timeliness of communication about animal health movements and enhances animal disease traceability.

The screenshot displays the AgView CVI mobile application interface. On the left is a navigation menu with options for Dashboard, CVIs, and Directory. The main area shows a list of CVIs with columns for CONSIGNOR, CONSIGNEE, ANIMALS, UPDATED, ASSIGNED TO, STATUS, and ACTIONS. A 'CREATE CVI' button is visible in the top right. A modal window is open, asking 'Which animal type are you creating the CVI for?' with options for 'Large Animal' and 'Small Animal', and a 'START CVI' button.

CONSIGNOR	CONSIGNEE	ANIMALS	UPDATED	ASSIGNED TO	STATUS	ACTIONS
Allianze Farms	Gecko Swine Producers	Swine (1)	07/13/2018	N/A	ISSUED	⋮
Premise 6	Premise 2	Swine (1)	07/13/2018	N/A		
Premise 6	Premise 6	Swine (1)	07/13/2018	vet mcvi		

Features & Benefits

- An easy-to-use interface for digitally entering animal health certificate data
- CVIs can be created offline, allowing veterinarians to use the product in the field
- Available on both iOS and Android mobile devices (phones/tablets)
- Both large and small animal CVIs available
- CVIs sync across devices, allowing for certificates to be started on one device and completed on another
- Easy uploading of addresses and animals, cutting down on manual data entry and allowing for storing of commonly used information

The screenshot shows the 'Add Animals to CVI' screen. At the top, there is a dropdown menu set to 'Cattle'. Below this, there are two main sections: 'Add Previously Moved Animals' and 'Add New or Import Animals'. The 'Add Previously Moved Animals' section includes a search bar with the text 'bob' and a result showing a pig icon and the number '1'. The 'Add New or Import Animals' section has two buttons: 'ADD NEW' and 'IMPORT CSV'.
