

Animal Industry Board Area Veterinarian Supervisor (Job Id 8084)

Location: Central or Southeastern South Dakota

Employment Type: Permanent; Full-Time

Post Date: 03/30/2017

Salary: \$76,500 - \$89,000 annually; depending on experience

Closing Date: Open Until Filled

Description

The Animal Industry Board is seeking applicants for an Area Veterinary Supervisor in central or southeast South Dakota.

Area veterinarians conduct and supervise regulatory animal health activities including:

- Cooperative industry-state-federal disease eradication and control programs.
- Inspects licensed livestock auction markets for sanitation and compliance with state animal health regulations.
- Conducts foreign animal disease investigations and participates in training, preparedness, and implementation of animal health emergency response (infectious disease and disaster response).
- Supervises livestock and meat inspectors within the area.
- Inspects state licensed meat establishments and ensures compliance with state and federal regulations.
- Conducts investigations into livestock neglect complaints.
- Many other duties as assigned!

Licenses and Certifications:

Applicants must be licensed (or be eligible for licensure within 12 months) to practice veterinary medicine in South Dakota and have a valid driver license.

This position requires travel and some overnight stays.

The incumbent must be flexible in scheduling work and will be required to locate as assigned in Central of Southeastern SD.

This position is exempt from the Civil Service Act.
