### **FACTSHEET 2024**

#### **Approved Electronic Certificates of Veterinary Inspection (eCVI's) for South Dakota Accredited Veterinarians**

Pros of using eCVI's:

- Time savings, improved efficiency
- Copies are automatically emailed to shipping and receiving state offices - no postage costs and easy to comply with the new interstate traceability requirement to submit CVI's to the State within 7 days
- Multiple ID numbers can be imported into the certificate or attached as a spreadsheet
- Improved legibility and accuracy
- Allows for real-time information exchange

Cons of using eCVI's:

- Staff training and variable proficiency
- Learning curve
- Need a computer or mobile phone versus a pen and certificate book
  - Some options require internet connectivity - internet availability can vary
  - Initial investment costs in technology

#### **Veterinary Services Process Streamlining (VSPS):**

Website: <https://vsapps.aphis.usda.gov/vsps/>

Developed and administered by USDA/APHIS.

Approved for use in all States.

No cost to accredited veterinarian.

Requires Level 2 eAuthentication with USDA. e-Authentication is a registration process that enables users to securely access USDA Web applications and services via the Internet. Accredited veterinarians already may have Level 1 eAuthentication if they have renewed their accreditation on-line. The steps for creating a Level 2 eAuthentication account may be found on the following website:

<https://www.eauth.usda.gov/home>. Click on "Create an Account" and follow the instructions.

Click on the link below for information about creating an eAuthentication account and a VSPS account.
